

FIRSTRUN Deliverable 7.1

An interactive web site and a Twitter account

Deliverable 7.1 consists of a Twitter account and the project website.

The Firstrun Twitter account is ProjectFirstrun. It can be found at <https://twitter.com/ProjectFirstrun>.

The webpage can be found at <http://www.firstrun.eu/>.

We will upload all our research deliverables to the webpage and use the Twitter account (among other tools) to inform people about them. Our first research deliverables are due next fall.
